Preamble and Constitution of the Native American Association of the United States.

WHEREAS, it is an admitted fact that all Government are not only capable, but bound by all the princi ples of national preservation, to govern their affairs by the agency of their own citizens, and we believe the republican form of our Government to be an object of fear and dislike to the advocates of monarchy in Europe, a d for that reason, if for none other, in order to preserve our institutions pure and unpolluted we are imperatively called upon to administer our peculiar system free of all foreign influence and interference. By admitting the stranger indiscriminately to the exercise of those high attributes which constitute the rights of the native born American citizen, we weaken the at-tachment of the native, and gain naught but the sordid allegia, ce of the foreigner. The rights of the American, which he holds under the Consti-tution of the Revolution, and exercised by him as the glorious prerogative of his birth, are calculated to stimulate to action, condense to strength, and cement in sentiment and patriotic sympathy. Basing, then, the right and duty to confederate these high truths, we profess no other object than the promotion of our native country in all the walks of private honor, public credit and national indepen-dence; and therefore we maintain the right, in its most extended form, of the native born American, and he only, to exercise the various duties inciden to the ramifications of the laws, executive, legislative, or ministerial, from the highest to the lowest post of the Government—and to obtain this great end, we shall advocate the entire repeal of the natu-ralization laws by Congress. Aware that the Consti-tution forbids, and even if it did not, we have no wish to establish, expost facto laws:—the action we seek with regard to the laws of naturalization, is intended to act in a prospective character. We shall advocate equal liberty to all who were born equally free;—to be so born, constitutes, when connected with moral qualities, in our minds, the aristocracy of human na-ture. Acting under these generic principles, we further hold that, to be a permanent people we must be a united one, bound together by sympathies, the result of a common political organ; and to be nation at, we must cherish the Native American sentiment. to the entire and radical exclusion of foreign epin-

COUGH, PAIN IN THE SIDE AND CHEST CURED!—Having for a long time been distressed with a severespain in the side and chest, accompanied with a dry cough, I was induced, upon the urgent solicitation of a friend, to try Dr. Taylor's Balsam of Liverwort, and I must say this medicine has answered its purpose admirally. My distress was produced by a severe hurt, and was so great that it was with difficulty I could swallow my tood. Indeed, I am satisfied this disease must have terminated in consumption, or some atal disease, had I not been cured by this judicious medicine. To all who seek to prolong their lives, I would advise the use of Dr Taylor's Balsam of Liverwort.

JAMES COWAN, 426 Bowery.

CONSUMPTION AND LIVER COMPLAINT.—Sunering as I have for three years with these diseases. I feel from my heart for all persons equally unfortunate, and, therefore, I beg them, if they love life and health—if they love their families and friends, not to lay and die under the hands of mercury doctors or their use-less trash, but try Dr. Tay-lor's Balsam of Liverwort. Thus medicine cured without assistance, and the mineral doctors said I will not turn over in bed without assistance, and the mineral doctors said I could not live a week. Yet this vegetable medicine cured me in six weeks. I had a backing coughs pain in the sides raising of matter, night sweats, and was wasted to the bone; also inward fever.

J. B. MILLS, Milkman, Newtown, L. I.

CONSUMPTION AND LIVER COMPLAINT. -For a long time I suffered with these diseases, and was the more alarmed, as I had lost two brothers and two sisters with the consumption. I had the best medical advice in vain, every remedy was tried without effect, and I was almost in dispair. I was wasting away, very nervous, had a bad cough, loss of strength, and many other dangerous symp-toms. At length I tried Dr. Taylor's Baisam of Liverwort, and I must say this medicine cured me ike a charm. Its great restorative powers should be made known

W. HOLDRIDGE, 161 Green street.
